

CALL FOR ENTRIES

Structural Engineers Association of Metropolitan Washington Excellence in Structural Engineering Awards 2012

Objective:

To recognize excellence and innovation in structural engineering projects designed by SEA-MW firms.

Mission Statement:

The Structural Engineers Association of Metropolitan Washington (SEA-MW) Excellence in Structural Engineering (ESE) Awards recognize projects demonstrating exceptional innovation, creativity and constructability, and structural engineers who have made outstanding contributions to the profession.

Eligibility/Entry Fee:

Construction of all projects must have been completed after January 2008. New buildings, renovations (including structural upgrades), and transportation structures are eligible for entry. Projects may be located both nationally and internationally. Projects must be designed per the International Building Code (IBC) requirements.

For firms with multiple offices, at least 80% of the structural design work on the entry project must have been completed by the firm's branch office located in Metropolitan Washington D.C.

Entries are limited to one per firm per category. Previous entries may not be resubmitted.

Entry Fee (Due with Official Entry)

\$100 (For SEA-MW member firms) \$225 (For Non-Members)*

*Non-member fee will include 1 year firm membership to SEA-MW

Categories of Awards:

Awards will be presented in seven project categories:

1. New buildings under \$10M in construction cost.
2. New buildings ranging between \$10M and \$50M in construction cost.
3. New buildings over \$50M in construction cost.
4. Renovations under \$10M in construction cost.
5. Renovations ranging between \$10M and \$25M in construction cost.
6. Renovations over \$25M in construction cost.
7. New transportation structures including bridges, tunnels, and viaducts.

Construction Cost:

The stated construction cost of the entry should be the approximate construction cost of the facility being entered, exclusive of site construction costs or the cost of other portions of the project.
